## Best Darkest Hour Mods

As the name suggests, there are tons of Darkest Hour mods out there and I don't know what to pick and try. I'm looking for two things: It's... 1. I think I should be more open and if at all possible it should be a global mod. 2. It must be related to the game. I haven't found many mods for the game that use Distant Worlds. I read about GOGdeck but it doesn't work with Distant Worlds and it doesn't make sense to use it with the game. Other mods like Dark Sector but they don't work with Distant Worlds. Something else... 1. A mod that uses Distant Worlds but does it more efficiently. dd2bc28256
